

Your Public Library's Solution for Collections and Content

What we do

We have intentionally built our business to be the complete solution for your print, media and entertainment needs.

We provide additional benefits and services to improve deliverables and create cost saving efficiencies to support library services in balancing their needs to reduce costs while ensuring the quality of services delivered to their communities continue at a high standard.

Collections

We supply print, DVD, Blu-ray, audiobooks, music CDs, console games, lendable technology, and digital content sourced from both local and international publishers. With access to the full open market, alongside our own exclusive ranges, we deliver a comprehensive and differentiated collection offering that supports strong library outcomes.

Budget Management and Acquisition Support

We provide budget management and acquisition support to ensure library budgets are allocated within approved limits to the right resources at the right times.

Profile-Based Selection Services

Our experienced team will provide a selection of materials that are modern, popular, responsive, and are in line with your selection profiles to ensure titles supplied meet your communities' needs.

Order-to-Delivery Workflows

Through custom workflows we can provide time saving efficiencies from the point of order placement to supply, including order records, EDI, consolidated invoices, flexible reporting and direct to branch delivery.

Standing Order Service

Our Standing Order service will guarantee new titles released from your favourite authors are automatically ordered well in advance of release, with delivery taking place close to their release date.

Opening Day Collections

We support libraries with their Opening Day Collections by providing materials that fit their needs. We process orders and store materials at our warehouse free of charge until the library is ready to take delivery.

Shelf-Ready Services

We provide customised cataloguing and physical processing services across all the formats we supply, allowing your product to reach your patrons faster!

Customised Services

Public library services are delivered by a variety of administrative arrangements and are delivered in a variety of ways. We have been able to demonstrate that no matter the size, complexity, or uniqueness of the library, we have been able to provide a customised service that meets their individual requirements.

Serving Public Libraries Since 2008

Print, digital or audiovisual, we've got you covered!

Our solutions

Working exclusively with public libraries ensures our whole business model has been established to fulfil your individual requirements.

Australia's leading specialist supplier of audiovisual materials to public libraries

Through our deep expertise in these collection areas, libraries that partner with us for the supply of DVDs, Blu-ray, audiobooks, music CD and console games consistently achieve stronger collection performance and better outcomes.

Two Specialist Suppliers Providing a Single Source Solution

Having the MDM Entertainment and MDM Print operations under the same roof will provide your library service with the option to receive single source supply benefits while continuing to work with two expert specialist suppliers.

Your Specialist Print Supplier Brought to you by MDM Entertainment

MDM Print is the physical book supply division of MDM Entertainment and is a specialist supplier of print materials and associated services. MDM Print is able to provide materials across all book formats for all your collection areas.

Access a World of Digital Content with hoopla Digital

With a mission to serve public libraries and their members, Hoopla Digital is the only all-in-one app that provides online and mobile access to millions of audiobooks, eBooks, comics and manga, music, movies, TV, and more with BingePass. Available in 111+ world languages, Hoopla allows members to borrow content immediately, with no waits or holds.

Promote Patron Engagement and Increase Circulation Stats

Hublio is a modern patron-driven acquisition tool for public libraries. Patrons are empowered to discover, recommend, and reserve newly released, forthcoming and backlist physical print and Audiovisual titles. They feel acknowledged and valued whilst helping your library build relevant collections.

Playaway's Preloaded Lendable Technology Solutions

Wonderbook offers a read-along experience like never before, combining a print book with a ready-to-play audiobook inside. Launchpad tablets feature a simple, intuitive interface and are 100% secure, providing easy access to curated digital content. Whazoodle is an interactive learning tool that makes early literacy fun and engaging through hands-on, guided play. Playaway Audio is a self-contained audiobook device designed for effortless listening.
